FOR: GRANULES BASED ON STARCH AND LACTOSE.

AMENDMENT

To the Honorable Commissioner of Patents  
Washington, D.C. 20231

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to Commissioner of Patents and Trademarks, U.S. Patent and Trademark Office, Washington, D.C. 20231, on January 29, 2003

Marie M. Cotts

Sir :

In response to the Office Action dated October 2, 2002, the applicant makes the following comments:

IN THE CLAIMS:

Please cancel claims 1 to 10 without prejudice and substitute therefore new claims 11 to 22 as follows:

A7

11. Granules consisting of co-spray-dried lactose and starch, wherein the lactose/starch ratio is between 90/10 and 25/75, said granules having a friability of less than or equal to 80%, according to a test A.

12. Granules according to Claim 11, having a friability of less than or equal to 60 % according to test A.

13. Granules according to Claim 11, having a spherical structure under electron microscopy.

14. Granules according to Claim 11, wherein the lactose/starch ratio is between 85/15 and 50/50.
